Between March 2019 and June 2019, £100,000 will be available to Forth and Endrick Ward, of which Killearn is a part, for infrastructure and the environment. Local people, individuals or local groups, are encouraged to put forward ideas on how this should be spent, develop proposals and then take part in the voting process to decide which proposals should be taken forward. Anyone of high school age and above who live in the Ward area can take part. Further information is available from www.stirling.gov.uk/youdecide.
