

Police Service of Scotland Community Council Report

**Community
Council:**

Forth and Endrick, Killearn Community Council

**Reporting
Period:**

May, 2018 compiled by PC Scott Craigie

**Ward Plan
Priorities**

Antisocial Behaviour

There has been no incidents of note since the last meeting.

Having said this there have been two instances of sheep worrying (peoples dogs attacking sheep in fields) since the last meeting and I would ask that dog owners be mindful of their obligation to control their dog when taking it outside.

Police Service of Scotland Community Council Report

Road Safety

There have been one non-reportable road accident since the last meeting.

Local officers have and will continue to carry out high visibility patrols to improve road safety.

The issues in relation to vehicles parked on the A809 near to the Devil's Pulpit are still ongoing, however appear to have abated over recent months, as a result of the poorer weather. Officers will continue to monitor this area as is believed that the better weather will see a return of high visitor numbers.

There have been a number of meetings and conversations held over the winter months involving all or some of the various parties, who find themselves involved in the issues at this location. From a policing point of view, vehicles parked dangerously or causing an obstruction, as before, will be uplifted by the police and the owners charged accordingly.

The actions of people requiring rescue from the gorge will now be subject of police investigation. If it is found their actions constitute the Common Law Crime of Reckless Conduct, they will be reported to the Procurator Fiscal at Stirling for consideration of prosecution. This crime is committed by someone whose actions show utter disregard for what the consequences of the action in question may be, leading to injury. OR Circumstances are such as to give rise to a reasonable inference that persons may be injured. Instances leading to persons being charged with this crime will be publicised and it is hoped that this tougher stance will make people think more about what they are doing when they attend the gorge.

The Bank Holiday Monday was very busy at the pulpit which resulted in 4 fixed penalty tickets being issued to drivers as a result of dangerous parking offences.

Police Service of Scotland Community Council Report

Theft

Since the last meeting a number of the business premises at Killearn Mill have been broken into. The issues in the Strathblane/Dumgoyne/Stockiemuir area, where remote sheds and outbuilding are being targeted are still ongoing and I would ask everyone to remain vigilant in relation to their home and vehicles.

This problem is not confined to Stirlingshire, but is an ongoing issue in East and West Dunbartonshire as well. I would ask that you report any suspicious persons or activity to the police.

It is of note that a male was disturbed acting suspiciously near to a house on Main Street at 0035hrs

Community Engagement and Reassurance

PC Scott Craigie is based at Balfron Police Office and can be contacted at the police office, on 101, or at ForthEndrickCPT@scotland.pnn.police.uk. He has access to this email address mailbox, and it is recommended that this email address is used by the local community for email contact.

I have been advised today that a second officer PC Garry Martin, a very experienced officer with a back ground in community policing will be taking the vacant second officers post at some point before the end of this month.

Social Media

Please remember that we regularly publish useful information and updates on social media, including appeals for information, updates about road closures and crime prevention advice. Our Facebook and Twitter pages can be found at

Police Service of Scotland Community Council Report

Other Incidents / Activity of note

Rural Watch Scotland

'Rural Watch Scotland' is an extension of the Neighbourhood Watch Scotland movement and endorsed by the Scottish Partnership Against Rural Crime (SPARC) and Forth valley Rural Crime Group aimed specifically at the rural communities of Scotland and aims to bring all the benefits of Neighbourhood Watch to all rural communities irrespective of location, size or demographics.

Rural watch is an online community for any member of the public where appeals, crime prevention tips and safety alerts can be posted by those who subscribe which can be viewed by all members. Subscription is free and the sharing of information on the forum is a great example of real time crime prevention in action.

The objectives of Rural Watch Scotland are to:

- Reduce crime and the fear of crime by providing the right information, to the right people, at the right time.
- Encourage people to think about safety and security for themselves, their neighbours and their community.
- Improve community cohesion and well-being by supporting communities to develop 'their watch, their way'.
- Work in partnership with national and local service providers to develop more resilient communities that are better prepared against threats, intentional or unintentional, such as crime or extreme weather.

The experience of Neighbourhood Watch throughout Scotland and elsewhere across the world is that members of Rural Watch Scotland will be less likely than non-members in the rural community to be a victim of crime.

By joining the Rural Watch Scotland scheme members can receive alerts and advice by phone, text or email. By keeping members informed about crime and other threats in specific areas, Rural Watch Scotland can help prevent crime, keep communities and residents safe, and members responses to these alerts can help catch criminals or be better prepared to deal with other threats to communities. To join Rural Watch Scotland simply:

- Log onto www.ruralwatchscotland.co.uk
- Click the green JOIN button at the top of the page.
- Follow the on screen instructions."

Police Service of Scotland Community Council Report

Neighbourhood Alert.

This is a community messaging system which sends alerts regarding crime, safety and resilience to communities. Ruralwatch is an information platform that has been set up by what was formerly Neighbourhood Watch, however the big difference being that any members of the local community can sign up to have the relevant alerts sent to them by various means including E-mail or Text message. To receive free alerts simply register at:

www.neighbourhoodwatchscotland.co.uk
