speed cameras, road furniture. KCC will ask Stirling Council for an update on plans / timings of works which were due before the end of this financial year.

- A query was raised asking whether a local organisation would be able to plant wildflowers within the circle of the roundabout at the foot of Station Rd. The Council has explained that this would not be allowed under visibility guidelines which state that ... "drivers of vehicles approaching the roundabout shall be able to see objects of height between 0.26 metres and 2 metres on the full width of the circulatory carriageway".

AOB

- It was brought to KCC's attention at the November meeting that places at Killearn Nursery have been cut causing issues with fully funded places, pushing families to use private childcare providers who do not offer the same / equitable flexible offering in terms of days / timings. Stirling Council's advice was that the 30 hours is applicable across the Stirling area - therefore if spaces were not available in Killearn parents should look at neighbouring villages. KCC is hoping to meet with the council representatives to discuss further.
- Blackwood's Beech House - Blackwood has provided reassurances that all the services at Beech House will continue to be provided and that there will be no changes to services while tenants continue to live there. Stirling Council Housing has offered housing options advice to the families of two tenants.
- Glass bin recycling - for details of glass collection dates, use the separate postcode finder for the new 8-week service. Please note that the glass schedule for 25-26 printed on the paper calendars issued in February '25 is no longer valid.
<https://www.stirling.gov.uk/bins-and-recycling/household-glass-bin-collections/>
- Trees for Goals - Killearn Football Club has recently formed a partnership with a group called "Trees for Goals", who will donate a tree to be planted for every goal that Killearn FC score next season. The trees will be planted in the Autumn in a place to be decided by the local community council. KCC is keen to support this partnership and is collecting more information about expected numbers of goals and any details of the tree types being donated
- Co-Op refurbishment plan - From Tuesday 4th February, the Co-Op will close for 3 weeks for the heavy lifting, new floors, ceilings, and all the "behind the scenes" electrics. The Grand reopening is scheduled for Thursday 26th February.
- Newly appointed Stirling Council CEO, Brian Roberts - Would like to introduce himself and attend one of the upcoming KCC meetings. This has been confirmed for Wednesday 15th April and we look forward to welcoming Brian to the meeting.
- Balfron Household Waste Recycling Centre - These works are now not likely to take place until early 2027 pending budget approval. Information sessions on the upgrading to the Centre are being scheduled on the dates below from 4pm-7pm.
 - 9th Feb Kippen (session finishes at 6.30 pm)
 - 11th Feb Blanefield
 - 16th Feb Drymen
 - 18th Feb Fintry
- Innovate Gymnastics teaches 400 children from 2 to 16 years of age, providing a number of offerings (holiday camps, after school care, health and wellbeing sessions etc). Innovate and other businesses who use the facilities at Balfron High School have been told due to changes - they can't book any further facilities from August '26. KCC will reach out to Stirling Council to find out more information.
- And we (KCC) are looking for someone local to join us as our Minutes Secretary - someone to take minutes at the meetings and then to write up and share those minutes. There is a fee of £40 paid / meeting and we'd love to hear from anyone who might be interested ?
